

FIBER TAPE

JOINTING TAPE

Description

The Fiber Jointing Tape is a self-adhesive tape with fine and strong fiber glass mesh. Its unique cross-fiber construction resists stretching to prevent cracking in drywall joints

Basic Uses

Fiber Jointing Tape is applicable for all drywall systems except cinema systems.

Technical Data

Physical Properties

Standard Compliance ASTM C475

Material Fiber mesh

Advantages

- Joint finish is simple and quicker
- Eliminates bedding coat and provides smooth finished joints
- Ideal drywall joint & patching small holes & cracks
- No tearing, shrinking, stretching or bubbling

Width

(mm)

50

Length

(mm)

90

Mesh

9 x 9 GSM 65
